ANNUAL NOVICE CLASS IS HUGE SUCCESS! FIFTEEN PASS TESTS

Fifteen new amateurs will soon hit the airwaves as a result of the MSARC spring novice class. Over the last ten weeks, these people, ranging in age from 12 to past retirement, have struggled and sweated, studied and, yes, sworn a little, but it all paid off this week when the committee, Mac NV9K, Dan W9MLN, Dave KA900H, Ron KA9VWR and Joan N9DON held a mass 610 signing party complete with cake and other goodies for the successful students.

Here are their names:

HUBERT ADAMS
PAUL BUTLER
BERNIE HEFFERNAN
RALPH HOLMES
DEBBIE JULIAN (XYL OF WB9YIG)
CARL LOUDEN
JOHN NEVITT
BOB OKONESKI
ANITA OVERMAN
RICK OVERMAN
FRANK WELLS & JOHN WELLS
ANDREA WENDT (AGE 12)
GUS VOIGT
ED MCCARTY

Congratulations to all! Several of the new hams will be attending the

April 16 club meeting; please make them feel welcome.

Congratulations to all who passed their Novice tests, and welcome to the hobby! We're proud of you.

Glad to have N9AZD, our Pac-Man, back home.

The Repeater Committee met in February concerning future progress on 146.835. We decided to

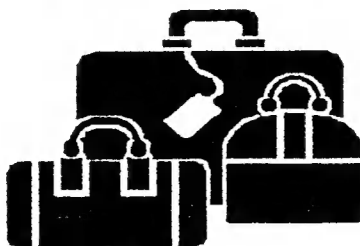

concentrate on improving our present equipment rather than investing in expensive new gear, since funds are low. We do plan to increase power, and this may be on line by the time you read this. We appreciate your patience and understanding.

Get well wishes to Homer WB9OZZ, and sympathy to Russ KA9MZV on the loss of a family member.

Attached to this newsletter is our current membership list. We hope it's totally up to date; if you notice a familiar name or two missing, it's for one of two reasons:

1. He didn't pay dues.
 2. We forgot. (Unlike computers, we're only human!)
- If you know anyone who's not on

the list but should be, please let one of the officers know.

Your editor, his XYL and junior op KB9??? will be on vacation during most of June, so your newsletter for that month will be different.

Watch for it anyway.

That's it for this month; I have to get this to the printer quickly so it gets out in time. 73, KA900H
